Hannegan Asked to Apologize

**Southerners in
Congress Resent
Critical Article
In Publication**

WASHINGTON, April 2—
(AP) — A group of approxi-
mately 50 irate southern
Democratic legislators called
on National Party Chairman
Robert Hannegan today to
apologize personally to them
for a critical article in a
Democratic headquarters
publication.

The Southerners held a closed
meeting and adopted a resolution
specifically demanding a retraction
of statements made in the
April issue of the Democratic Dig-
est, official organ of the Woman's
division of the party.

The publication's statement
which aroused the southerners
was this: "And let your repre-
sentatives know that the passage
of the restrictive case (labor dis-
putes) bill was a vote against the
American people."

The case first was opposed by
the administration, but Republi-
cans and Southern Democrats
teamed up to pass it 258 to 155,
on February 7. A toned-down
version is pending in the Senate.

The Democrats attending this
morning's gathering elected Rep.
Gossett (D-Tex.) chairman.

Adopted Resolution

He told newsmen the group
adopted "with very little oppo-
sition" a resolution reading:

"It is moved that the chairman
appoint a committee to confer with
Mr. Hannegan in person or by
long distance telephone and among
such other things as the committee
deems wise and pertinent it shall
request of him:

1. A retraction of the objection-
able statement which shall be
published through the columns of
the Democratic Digest and further
by letter to each representative
who voted for the case bill; and
2. "That the author of the state-
ment be made known and that he
be permanently removed from
the payroll of the Democratic Na-
tional committee as well as from
the staff of all publications now
or hereafter published under su-
pervision of the Democratic Na-
tional Committee."

Prior to the protest meeting,
Democratic headquarters officials
had termed the magazine's com-
ment "an unfortunate mistake,"
but this had failed to calm the
southerners.

Criticized C. I. O.
Members attending the session
told newsmen that several speak-
ers criticized the C. I. O. Some of
them, it was reported, said they
believed the offending article was
inspired by friends of the Labor
union at national headquarters.

Rep. Rankin (D-Miss.) said he
had made a speech "denouncing
the CIO-PAC as a communist
front organization trying to get
control of the Democratic party."

Rankin said he also wanted to
make this statement:

"It is rumored that President
Truman will not be a candidate
for President in 1948. If that is
true then Governor William Tuck
of Virginia is far out in front."

Mrs. India Edwards, executive
secretary of the national com-
mittee's women's division, made
this comment:

"We feel terrible about the
whole thing. It was an unfor-
tunate words. An associate edi-
tor made a mistake and a bad choice
without full experience was re-
sponsible, but it never should
have been published."

Bring Hannegan in
Some of the southerners said
privately they wanted to know
whether National Chairman Robert
Hannegan had anything to do
with the article. Mrs. Edwards
said he had not.

"We hope the whole thing will
be just a tempest in a teapot and
will blow over in a hurry," Rep.
Gore (D-Tenn.) commented.

Those joining Gossett in sending
out the invitation letters were
Reps. Howard Smith (Va.), Slaus-
gater (Mo.), Barden (NC), Aber-
nethy (Miss), Boren (Okla.),
Earlham (Tenn) and McKenzie
(La.).

Senate Group In Row Over Health Plan

**Taft Stalks From
Room, Murray Wants
To Eject Him**

WASHINGTON, April 2—(AP)—
Senator Taft (R-O) stalked an-
grily from a senate committee
hearing today after committee
chairman Murray (D-Mont) had
threatened to have him ejected.

The row broke out and quickly
reached the shouting stage as the
senate labor committee began
consideration of legislation to set
up a national compulsory health
insurance plan.

Taft broke into a statement
by Murray to assert that the bill
was "the most socialistic one con-
gress ever had before it."

In the exchange, Murray told
Taft:

"I want you to subside, to shut
up or I'll have the officers called
and put you out of this commit-
tee room."

Murray opened the hearing by
commending the Washington Post
for an editorial in which he said
attention was called to some
claims that such health bills were
"socialistic."

"I'll tell you this measure is
the most socialistic one congress
ever had before it," Taft inter-
rupted.

Taft then insisted on making
a statement. He managed to
shout, above the loud protests of
Murray, that he himself would
introduce a health bill.

Not to be "Bluffed"

Murray, standing almost shoul-
der to shoulder with Taft, snap-
ped that he didn't intend to be
"bluffed" by "grandstand plays."

"You have so much gall," cried
Murray, "that you would not let
me, the chairman of this com-
mittee, conclude my statement."

Then, he made his threat to
have Taft put out of the com-
mittee room.

"Mr. Chairman," Taft retorted,
"your attitude is not very hopeful.
You've shown your intentions to
sponsor this purely propaganda
measure. . . ."

Murray: "It is not propaganda.
Everything that is done to do
something for the American peo-
ple gets people like you coming
in and saying it's communistic."

Socialistic, Not Communistic
Taft: "I didn't say it was com-
munistic. I said Socialistic."

Murray: "You said something
about the full employment bill
being communistic."

Taft: "So I did. In its original
form that was taken right out
of the Soviet constitution."

Taft kept on trying to get his
statements into the record as
Murray, his face scarlet, shouted
continuously at him.

After he and Murray had en-
ded up their sentences at one point
in the same breath and left a
dead silence for a second or so,
Taft exclaimed:

"I am a member of this com-
mittee. I demand to be per-
mitted to make a statement because
I must attend another committee
meeting."

Murray again said "No."
Wanted His Rights
"I insist on my rights," said
Taft, "or I'll take the whole
matter up on the (senate) floor."

Senator Smith (R-NJ) inter-
rupted that he felt Taft should
be allowed to make his statement
but Murray was adamant.

Taft then walked to the door
of the committee room and shout-
ed back at Murray:

"Senator, I'm through with you,
and with your committee."

He walked out and the door
banged behind him.

Read Letter From First Lady

The program, "Music in the
Lives of Our Presidents" presented
Monday afternoon before the So-
rosis club by members of the Helen
G. Steele Music club had originally
been presented before the Music
club in November and at that time
an article on the program appear-
ed in the Sedalia Democrat-Cap-
ital.

Mrs. N. L. Yunker, 908 West
Broadway, believing that Mrs.
Harry S. Truman would enjoy
reading of the program, clipped the
item and sent it to Mrs. Truman.
A letter of appreciation from
Mrs. Truman was read at Sorosis
Monday afternoon by Mrs. George
Lovercamp.

Written on White House sta-
tionery, and dated November 29,
1945, it follows:

"Dear Mrs. Yunker:

"It was very thoughtful of you
to send me the account of the pro-
gram, 'Music in the Lives of Our
Presidents' given by the Sedalia
Music club. My family and I have
read it with great interest and we
appreciate your bringing it to our
attention."

"With many thanks also for your
neighboring greeting, I am,
"Sincerely yours,
"(Signed) Bess W. Truman."

**Recess By Council
To Next Monday**

The City Council was called to
order, in regular meeting Monday
night, by Mayor A. H. Wilks, with
five aldermen present, Gil Sublett,
Dick Keenan, Frank Middleton,
Ira Knox and Leo Eickhoff. City
Counselor D. S. Lamm was pres-
ent, as were several city employees.

A motion was immediately made
and carried, to recess the session
until Monday night, April 8.

**No Reply to
UNO's Request**

NEW YORK, April 2.—(AP)—
Neither Russia nor Iran had filed
replies today to the United Nations
Security Council's request for
complete information on the cur-
rent difficulties between the two
countries.

With the deadline only 24 hours
away it was still uncertain whe-
ther Soviet Ambassador Andrei
Gromyko would attend Wednes-
day's 11 a. m. council session.

"I don't know," Gromyko told
reporters as he entered the Rus-
sian consulate general.

Secretary General Trygve Lie's
information office indicated the
text of the Iranian and Russian
replies—when they are received
—will be made public after coun-
cil members have been officially
notified.

A spokesman for Ambassador
Hussein Ala was confident the
Iranian answer would be in the
council's hands by nightfall.

The Tehran government last
night cabled Lie an assurance that
Ambassador Ala had full authori-
ty to speak for Iran in the coun-
cil's examination of her protest
over presence of Russian troops
within her borders.

**Hannibal Votes

just about a record."

A normal egg weighs about two
ounces, Bruckner said.

Both Parties Battle to Win Election

**Voting Light in
Some Precincts;
Heavy in Others**

Today — election day in Seda-
lia—has brought a spirited fight
between the Democrats and Re-
publicans. Both are doing their
utmost to elect their candidates
and take control of the city ad-
ministration. Voting is most pec-
uliar. In some precincts it is ex-
tremely heavy, in others a light
vote has been cast up to 2 o'clock
this afternoon.

Voting in the first ward, in all
three precincts, is heavier than
usual. In the second ward the
second and third precincts are
somewhat heavier than usual,
while in the first precinct, it is
light.

Over in the Third ward some
precincts are heavy and in others
light. At the big precinct Wash-
ington school, the vote was said
to be running a little under nor-
mal at 2 o'clock, the same at Ar-
lington and Whittier. The vot-
ing should be increased by the
shop voters about 4:40 o'clock. In
the fourth precinct, Central Busi-
ness college and fifth at 1209
South Ingram voting is running
a little above normal.

In the fourth ward all precincts
are running a little above the
normal vote at 2 o'clock, but an
increase and a record vote is ex-
pected after 5 o'clock.

Both Parties Make Claims

The Democrats are laying claim
to a clean sweep, the workers
saying that they are taking to the
polls in their cars many persons
who indicate they are voting "it
straight."

The Republicans likewise are
claiming they will come through
as their workers are likewise call-
ing from house to house to get
out the votes.

Workers on both sides believe
the vote today will be the largest
in several years.

Over the State

INDEPENDENCE, Mo., April 2.
—(P)—Roger T. Sermon, 22 years
mayor of Independence, along
with the entire Democratic ticket
was up for re-election today in
President Truman's home city.

Kenneth A. Morford, Republi-
can candidate for mayor, offered
Sermon his first opposition since
1938. Republicans also were op-
posing the Democratic candidates
for city marshal and four coun-
cilman seats.

The turnout of voters was heavy
in the early morning hours.
Voters in other Missouri cities
were casting their ballots for city
officials and school board mem-
bers, as well as on a wide variety
of bond proposals and civic issues.

The chief mayoralty contests
were in St. Joseph and Sedalia.
County Clerk H. D. Allison, Dem-
ocrat, and former Chief of Police
Melvin C. Swepston, Republican
were the candidates in St. Joseph.

Mayor A. H. Wilks, Republican,
and Julian H. Bagby, Democrat,
former mayor, were in a hot race
at Sedalia.

Among cities selecting council-
men were Springfield, Moberly,
Carthage, Fulton, Jefferson City,
Trenton, Poplar Bluff and Boon-
ville. Democratic council candi-
dates in Columbia and Marshall
were unopposed.

**Estimate on Atomic
Bomb Force**

KANSAS CITY, Kas., April 2—
(AP)—How many atomic bombs
would it take to destroy a nation?
Dr. Harrison Brown, one of the
scientists of the Oak Ridge, Tenn.,
atomic bomb project, estimates
from 100 to 1,000 and a two to
four year period to make them
after a nation has produced the
first one.

His estimate came at a confer-
ence on atomic energy for 200
who helped develop the bomb,
warned that the only hope to
avoid another war was to get
rid of the A-bomb through de-
naturalization and through inter-
national control of atomic energy.

Stand in Line For Filing

SANTA FE, N. M., April 2.—(AP)—
New Mexico politicians filed for
office today, after many of them
had stood in line a day and a
night—their position on the ballot
being determined on a first come,
first served basis.

Experienced politicians estimate
top position for a state office is
worth 5,000 votes.

State Senator Burton Roach
took his place at the south en-
trance of the statehouse "about
milking time" yesterday morning,
with his bedroll in arm, and wait-
ed for the Secretary of State's of-
fice to open today. He is a can-
didate for the Democratic nomi-
nation for governor.

By late afternoon Roach had
been joined by 14 other candi-
dates.

Discordant Note Over GOP New Chairman

**Stassen Does Not
Approve of Election
Of Carroll Reece**

WASHINGTON, April 2—(AP)—
Senator Wayne Morse of Oregon
said today a banquet meeting of
the Republican national commit-
tee last night was "a grand flop"
and added:

"If the program, which its lead-
ers announced at the banquet, is
to constitute Republican policy
during the next two years, the
Republican national committee
will reflect Harry Truman in
spite of everything he is doing
to defeat himself."

The great submarine shock
which caused the tidal waves
had been recorded five hours
earlier at Pasadena, Calif.

Lt. Cmdr. W. D. Patterson,
supervisor of the Pacific Dis-
trict of the Geodetic Survey,
said the first he knew of the
tidal wave was when the
water rushed into his beach
home.

He said that there was no
one on duty at his office at
night, when the seismic dis-
turbance was recorded.

WASHINGTON, April 2—
(P)—Georgetown university
reported today it recorded five
earthquake shocks between
7:38:45 a. m., (EST) yester-
day and about 1 a. m. today,
and figured all must have
centered off Alaska.

The first quake recorded
was the most severe, and
there was some overlap of the
subsequent shocks which were
marked at about noon; a very
strong one at 2:07 p. m., yes-
terday; a moderately heavy
one at 11:23:34 p. m. (EST)
last night, and a fairly strong
one at about 1 a. m. today.

Prior to Morse's statement, Har-
old E. Stassen sounded a discord-
ant note on the GOP committee's
selection of Rep. Carroll Reece of
Tennessee as the party's new na-
tional chairman. The Minnesotan,
who is regarded as a contender
for the 1948 Republican presiden-
tial nomination, said:

"It is well known that I do not
approve of Chairman Reece's
stand on many issues in the past."

Morse did not mention by name
but the new chairman was one
of the speakers at last night's
banquet which both he and Stas-
sen attended.

Same Old Story

"We listened to the same old
cliques and reactionary nostrums
ad nauseum which have produc-
ed Republican defeats since 1932,"
Morse said. "It is fortunate for
the Republican party that the
overwhelming majority of Republi-
can voters are progressive and
forward looking. If they are
given the chance, along with sev-
eral million independent voters,
to vote for forward-looking Re-
publican candidates, the Republi-
can party will win in 1946 and
1948 irrespective of everything
the reactionaries in control of the
party machinery did yesterday to
prevent it."

The former Minnesota govern-
or's statement left little doubt
about his disappointment over the
committee's action in naming
Reece, a close political associate
of Senator Robert Taft and former
governor John W. Bricker of Ohio,
over two other candidates. Reece
succeeds Herbert E. Brownell, Jr.,
who resigned to devote full time
to his New York law practice.

With the almost solid backing
of southern state Republicans, plus
some such veterans of GOP po-
litical battles as Werner Schroeder
of Illinois, Reece won on the
third ballot in a torrid committee
session.

The 56 year old Tennessean, a
veteran of nearly 25 years of con-
gressional service, told delegates
at a victory dinner last night he
realizes the national chairman
"cannot make the Republican
party or determine its destinies."

That was the same point made
by Stassen, who said he did not
believe Reece's selection "consti-
tutes a declaration by the Republi-
can party as to its policy or
platform."

Stassen said significantly he
was prepared to cooperate with
Reece in this year's congressional
elections. He did not go further
than that.

Deaths in Eastern Pacific Disaster Have Reached 93

News Briefs

PASADENA, Calif., April 2

—(P)—Here is a seismologist's
explanation of the tidal wave,
from Dr. Charles F. Richter of
California Institute of
Technology.

"The wave seemed some-
what out of proportion to the
shock itself.

"Apparently conditions of
earth-motion, the locality,
depth of water at the point of
the shock and other factors
caused an unduly heavy wave,
which fanned outward, prob-
ably traveling as fast as 400
MPH in deep water."

There were indications the
earthquake registered here
at 7:38 a. m. (EST) yesterday,
may have had its epicenter in
the Aleutian deep, which at
places plunges 15,000 feet be-
low the ocean's surface.

Dr. Richter added that such
phenomena are not uncom-
mon after submarine quakes
and this particular one was
only moderate in strength.

HONOLULU, April 2—(P)—

An informed source said the
army and navy were protest-
ing to the U. S. Coast and Ge-
odetic Survey, saying that of-
ficial warning of the tidal
waves which struck Hawaii
yesterday could have saved
many lives.

The great submarine shock

The Daily Washington
Merry-Go-Round

WASHINGTON, April 2 — Now that Colonel Peron is finally confirmed as president of Argentina, the state department faces its toughest Pan-American problem—to recognize or not to recognize.

Strongly influencing this question may be a secret document with the initials, "OK, FDR" in the corner, giving the late president's approval of Argentine recognition.

At one time Secretary Byrnes swore that such a document did not exist. He told Nelson Rockefeller, former assistant secretary of state, that he, Byrnes, knew FDR better than Rockefeller and that he was convinced Roosevelt could not have okayed Argentine recognition.

But Rockefeller produced the document and Byrnes had to admit that the signature was authentic. This column is now able to publish the full text of the secret Roosevelt decision to recognize Argentina.

Behind this decision were some hitherto confidential but highly important negotiations. They began in Mexico City in the winter of 1945, during the Chapultepec conference. At that time Roosevelt was in Yalta.

At that time, also, the foreign ministers of Brazil, Mexico and Peru, together with the Ecuadorian ambassador to the United States, thoroughly discussed with Nelson Rockefeller the question of Argentine recognition. In fact, they even worked out a formula by which Argentina, the only Latin

Now, however, this lady says she is FREE OF STOMACH GAS and she says the change is due to taking ERB-HELP. Her meals agree with her. No gas or bloating after eating. Headaches and constipation are gone. "Oh! what relief!" states this lady. "Why don't other gas and constipation sufferers get ERB-HELP?"

tin American nation which had not declared war on the Axis, would join the other Pan-American nations and in return receive our recognition. The formula was:

(1) That Argentina would declare war on Germany and Japan immediately; (2) That Argentine troops would be withdrawn from Brazilian and Chilean borders; and (3) That Argentina would suggest that the Pan-American nations appoint a committee to investigate all Nazi activities throughout the hemisphere—including Argentina.

Harry Hopkins Said No
This formula was sent by radio to FDR, then aboard his cruiser en route home from Yalta. Harry Hopkins, who was with him, was opposed. He did not believe Argentina should be recognized. Admiral Leahy, also with the president, had the opposite reaction. He favored recognition. In the end, Roosevelt wired back his okay.

But there were hitches in Mexico City. Argentina felt it was too late to declare war. Simultaneously the state department received word that the Russians were making overtures to Argentina and conniving with the Fascist elements around Peron. So the final decision at Mexico City was to leave the door open in the Chapultepec agreement for Argentina to sign up later.

Following this, Brazilian foreign minister Pedro Leao Velloso flew to Washington from Mexico City and had further conferences with the state department. Finally a new formula was devised by which Argentina would join the United Nations at San Francisco. After it was drafted and received the approval of the Brazilian, Peruvian and Ecuadorian governments, Nelson Rockefeller took it to President Roosevelt. He read it and expressed his approval. Then young Rockefeller suggested that the document be initialed. FDR complied. It was one of the last official documents he ever signed.

Shortly after that, Roosevelt took his last journey to Warm Springs, Ga., and a few weeks later the American delegates to the United Nations conference at San Francisco used the document as a basis for the admission of Argentina to the conference.

The formula bearing Roosevelt's

ANN opened her eyes, and looked across the room at Colin. He was dressed, and kneeling in front of the fireplace building a fire. The windows were all closed, and the room was beginning to get warm. Ann yawned once, then said, "Hullo."

Colin turned and smiled at her. "Hullo, darling—sorry if I woke you."

"Thassall right. I s'pose I have to get up and fix breakfast for our hungry guests. That is, I suppose we still have guests, haven't we?"

"So far as I know."

Ann sat up, and swung her feet over the edge of the couch. She grumbled a little as she groped about for her clothes.

"I've got to put on my red pajamas, and I don't want to put on my red pajamas, but I can't go busting in on our guests to get myself a change of clothes, can I?"

Breakfast was quite successful. Nina and Jock both were in good spirits, and there was no undercurrent of friction apparent as was so often the case when they were together. Ann sat quietly and played the gracious hostess, surreptitiously feeding her cantaloup balls to Spooks, who had a tremendous passion for the fruit, replenished coffee cups, passed cream and sugar and butter and marmalade, all rather automatically.

After breakfast they went into the living room and sat around in front of the fire, talking of casual and unimportant things, as one does when well fed, and comfortable. Once Colin went to the window and peered out a little anxiously. "I think there's a bad storm brewing," he announced.

initials in the margin follows in full:

"Articles 1, 3, 5 and 6 by their nature and purpose constitute a single declaration.

"It shall be acknowledged that the Argentine nation has accepted the invitation implied in the above articles when her government shall have:

"(A) Declared by decree the existence of a state of war with Germany and Japan;

"(B) Expressed conformity with the principles and declarations of the final act and complied with such principles and declarations;

"(C) Signed the final act of Mexico City at the Pan-American union.

"The Argentine government will then:

"(A) Be recognized by the governments of the American nations and

"(B) The United States as the depository state will request that Argentina be invited to sign the joint declaration of the United Nations."

Other Pan-American nations all about the existence of this document and it will undoubtedly influence their attitude toward recognition of the Peron government.

UNRRA Merry-Go-Round
After Mayor La Guardia was appointed to take Governor Lehman's place, delegates of hungry nations at the Atlantic City UNRRA conference wisecracked: "We asked for 500,000 tons of wheat and you gave us a 'Little Flower'." . . . Without disparaging the many fine qualities of Fiorello, some felt that food problems would not be solved by an atomic bombshell. . . . The La Guardia appointment was right out of the Missouri mule. . . . Some UNRRA delegates tried to sell the Russians on Churchill as Governor Lehman's successor. They told the Russians: "He is only half English; the other half is American." Replied the Russians: "We will take him in halves." . . . Meanwhile 1,000,000 Jews in enemy countries are still being treated and fed as enemies—rather a tough sequel to the five years they suffered under Hitler.

Under the Dome
Most comprehensive program

for penetrating the Soviet iron curtain and making friends with Soviet Russia has been put forward by Wisconsin's Senator Alexander Wiley. . . . Hollywood has decided to do something about assistant secretary of state Benton's request that Hollywood depict the USA as it really is rather than a land of cowboys and gangsters. A \$2,500,000 picture tentatively called "Magic in the Air" will be produced by the Gerrold T. Brandt group. . . . Congratulations to Comdr. John Stelle of the American Legion for finally going to bat 100 per cent on the veterans' job of "telling" congress on housing hitherto was done by the American veterans committee with the Amvets also active. The Veterans of Foreign Wars were on record as favoring the bill, but weren't so active. . . . Congress has its knife out for one of the lesser-known government agencies which, without any fanfare, is doing an A-1 job—the tariff commission. Just as the state department is about to embark on new tariff treaties, congress decides to lop off the tariff experts who prepare all the trade data for the state department. . . . Charles Wakefield Cadman, famed American composer, has written a new song, "Clear the Way," dedicated to the labor writer Lewis Booth.

The Missouri Pacific shops have sufficient coal on hand to run two weeks even if no another bushel is received in the meantime.

The large and enthusiastic audience which packed the First Christian church yesterday evening, was a high compliment to Prof. Isaac Farris, who had announced that he would give a concert at that time for the benefit of the choir fund. The program was of a high order and each and every number by the participants was well given and enjoyed.

Sorosis Closes Program Year With "Music of the Presidents"

One of the most enjoyable programs of the year was presented at Sorosis club Monday afternoon when members of the Helen G. Steele Music club gave in story, song and music a bit of history entitled: "Music of the Presidents." Mrs. H. F. Schrankler, Mrs. George Lovercamp and Mrs. Paul Berthouex planned and directed the program.

Mrs. Schrankler, as the reader, said that not all of the presidents were musicians but all were music lovers, gave a brief outline of music in their lives and spoke of the favorite type of music of many of them. Campaign music, she said, sprang up over night and she then presented Mrs. Ralph Salmon and Miss Mary Schankler who played two piano selections, "The President's March" which was played at the inauguration of Washington and "Hail to the Chief" which was played at the inaugurations of both Franklin D. Roosevelt and Harry S. Truman.

Group Singing
A group of women composed of Mrs. Ernest Liebel, Mrs. B. B. Bess, Mrs. William Ward, Mrs. George Lovercamp, Miss Mary Schrankler, Miss Mary Helen Meyer and Mrs. Miles Rhodes, with Mrs. Berthouex as accompanist sang "Way Worn Traveler."

Mrs. Ward sang two of Washington's favorite songs which expressed his taste for simplicity in music. The songs were "My Life is Wondrous Free" and "Enraptured I Gaze."

Jefferson was a violinist Mrs. Schrankler said and was the father of the Marine band, starting as the life and drum corps.

Lincoln loved old songs and McKinley liked to sing hymns. The group of singers then sang Lincoln's favorite song, "Annie Laurie," and McKinley's favorite, hymn "Nearer, My God, to Thee."

Preserved Indian Music
Theodore Roosevelt played no musical instrument, Mrs. Schrankler said, but loved to sing. He was responsible for the preservation of Indian music. Mrs. Berthouex then played selections of original Indian music.

Wilson had an excellent tenor voice, Mrs. Schrankler said, and was called "The Great Serenader." He was the first singer to linger long on the last high note.

Harding, next to Jefferson, was the most interested in music and it was during his administration that National Music Week originated. His favorite song was "The End of a Perfect Day, which the group.

Hoover liked the Spanish touch to his music and the group of singers sang his favorite song, "Juanita."

Miss Schrankler and Mrs. Salmon played a delightful two piano number "The Carnival Procession."

The passing of Franklin D. Roosevelt left the country with a feeling of a great loss and which was expressed in music. The was the first time that broadcasts nationwide were devoted entirely to music.

Truman Favorite
"The Missouri Waltz" is the favorite of Harry Truman, partly because, like the president, it is truly American and partly because it has the word "Missouri" in the title. He just naturally likes the piece.

The program closed with Mrs. Salmon and Miss Schrankler playing "The Missouri Waltz" in honor of the president.

Miss Etta Hurley, chairman of the Civics department of Sorosis, was in charge of the program.

Mrs. D. S. Lamm, vice president presided over the meeting in the absence of Mrs. Austin Hurley, the president, then presented Mrs. E. F. Yancey.

Out-of-Town Guests
Mrs. Yancey introduced Mrs. J. D. Florence of Chicago, Ill., and P. Meyers McClure of Seattle, Wash., who came to Sedalia to attend a family reunion held on the ninetieth birthday anniversary of their father, G. C. McClure, 316 West Sixth street.

Mr. Meyers McClure is an accomplished pianist and said that twenty years ago he was given a copy of "The Missouri Waltz" while he was in Paris, France. He has played the piano since nine years of age and now is a music teacher in Seattle.

When Mr. McClure was asked to play he said that he believed in teaching music from Bach to popular music. He delighted his audience with something he had given for a group of high school students a year ago which proved his rare ability as a musician. It was various versions of "Pistol Packing Mama" as it would be played by Bach, by a music box, in Vienna before the time of Hitler, in Spain as a tango, in Paris as a ballroom waltz, in Cuba as a rumba, in the USA in swing, in Hollywood by Marx shooting the keys with one finger and as Boogie-Woogie as it might be played in Sedalia.

Monday's program closed the

Sorosis program for the year and the annual spring luncheon will be held at the Heard Memorial club house on next Monday. Reservations must be made by Thursday of this week and the luncheon will start promptly at 12 o'clock.

An announcement was made that the American Legion Seventh District meeting will be held in Sedalia, at the Armory, on Sunday, April 14, at which time Commander Hubert Brown, of Slater, and Vice Commander A. R. Albee of Marshall will be present.

The organization voted to buy a bus for the purpose of transporting the junior and senior American Legion teams to cities for baseball games this summer, as well as other Legion purposes.

Post commanders and adjutants of the Posts throughout the Seventh district will report on membership and rehabilitation. The district is composed of posts from Pettis, Saline, Lafayette, Benton and Hickory counties.

All members of Post No. 16 are invited to attend this meeting.

Robbers Hide In the Water

HULBERT, Okla., April 2—(AP)—The Hulbert National bank was robbed today and a pair of chilled suspects were routed from a hiding place in the water of a creek as the climax of a chase which featured a school bus and a farm lime spreader.

Sheriff's Deputy John Riley of Muskogee said the men submerged themselves and left only their noses protruding when the pursuing vehicles approached.

But when state troopers spotted them and fired into the water they came out with their hands up, Riley added. The suspects were taken to Muskogee for questioning by federal agents investigating the pre-dawn robbery.

Under Sheriff Fred Hudlin at Tahlequah said the robbers took two sacks of silver coins but overlooked \$28,000 in currency after forcing the bank's front door about 1:30 a. m.

Riley said the men were surprised at their work in the bank by a bus load of students returning from Muskogee. They fled in an automobile with the lime spreader joining the bus in the pursuit.

Hung Pants on Chair, Thief Takes Them

Hanging his pants over a chair near a screen door, which had been left unlatched, proved unprofitable to John Kennedy, 1802 South Missouri avenue. Retiring Monday night he placed his pants on a chair and upon rising this morning, they were gone.

Out in the yard lay his pants, minus his pocketbook, which had three dollars in money and his driver's license.

A report was made to the police.

Theatre Owner Buys Town

ROLLA, Mo., April 2—(AP)—R. E. Carney, Rolla theatre owner, today bought the town of Arlington for \$10,000.

The town, which has a population at present of five persons, was sold on the court house steps here as a result of a partition suit brought by Ben Tillman, so-owner with his niece. He had estimated it was worth \$40,000 or \$50,000.

Sheriff Walter B. Levine, of Phelps county, who sold the town—120 acres of land along the Gasconade and Little Piney rivers, plus a brick store building, a 14-room hotel structure, a filling station and several houses and tourist cabins—said Tillman had no comment on the sale.

"There were three or four bidders, all people from right here in Phelps county," the sheriff said. "The bidding started at \$8,000 and went up \$500 at a time until Mr. Carney bid \$10,000 and that was all."

The sheriff said "several St. Louis people" had telephoned bids up to \$9,000.

Mr. Carney plans to "fix up the place and make a summer resort out of it," the sheriff said.

Do Not Disturb

CORNING, N. Y., April 2—(AP)—The housing shortage was responsible for this message on city police headquarters bulletin board: "— is sleeping in his own car on North Pine street. Do not disturb him. Chief."

Officials explained the car occupant had been forced to seek new living quarters after fire damaged his rooming house.

Ambassador To Argentina

WASHINGTON, April 2—(AP)—Disclosure that President Truman intends to appoint a new ambassador to Argentina stirred wide speculation today whether the United States is relaxing its stiff policy toward the Buenos Aires government.

A state department spokesman told reporters last night that an ambassador would be named "later in the week." He declined to identify the prospective envoy, but said his name already had been submitted to the Argentine government for approval.

The name most often mentioned in recent speculation has been that of William D. Pawley, present ambassador to Peru.

This country has had no ambassador in the Argentine capital since Spruille Braden left that post nearly six months ago to become assistant Secretary of State for American Republic Affairs.

Word that the President and Secretary of State Byrnes had decided to fill the ambassadorship came virtually on the heels of a landslide victory in an Argentine presidential election for Col. Juan D. Peron, "strong man" of the present government.

Settle Down To Waiting

PITTSBURGH, April 2—(AP)—The nation's soft coal miners, who have invoked their "No contract, no work" principle, apparently settled down today to a period of waiting until the leaders of the industry and the AFL-United Mine Workers can agree on collective bargaining terms.

Nobody could say how long it would take.

The union's contract expired Sunday midnight, and the work stoppage by nearly 400,000 began yesterday in holiday mood, the occasion being the miners' traditional annual celebration in honor of one-time president John Mitchell and their president of today, John L. Lewis. The miners paraded and heard speeches in some communities.

Negotiations looking toward the new contract continued in Washington, the chief stumbling block was the dispute over Lewis' demand for a health and welfare fund to be paid for in tonnage royalties by the operators and be administered by the union.

Five Persons Hurt in Wreck

MANNING, Ia., April 2—(AP)—Five persons received hospital treatment and many more were shaken up today when six cars of a westbound Chicago, Great Western passenger train were derailed two miles northeast of here at 6:02 a. m.

A passenger coach was left on its side and a mail car was hanging from a small bridge.

F. J. Mentzer, Manning railroad agent, said the injured were taken to Carroll and Manning hospitals. The injured were in the coach. The train was enroute from Minneapolis to Omaha.

Want to Vote On Vardaman

WASHINGTON, April 2—(AP)—Senate supporters of Commodore James K. Vardaman, Jr., President Truman's nominee to the Federal Reserve Board, asked today only for a chance to vote.

But two Republican Senators, Morse (Ore.) and Donnell (Mo.) indicated in advance of the session starting at noon that the vote might be delayed from a few hours to a few days.

Morse told a reporter he considers the Vardaman nomination a "perfect example of the fact that the present system of Senate confirmation is a pretense."

"No real study is being given to these matters and it's time that the American public finds out the truth about it," the Oregon Senator asserted.

Donnell, who talked nearly five hours yesterday, said he needs another hour or two to wind up "some of the reasons why the Senate should not confirm Commodore Vardaman."

Drowns While Making Escape

POPLAR BLUFF, Mo., April 2—(AP)—Pvt. James M. Clark, 18, of 2467 Cass avenue, Detroit, Mich., drowned in Black river yesterday afternoon while fleeing from the custody of Sheriff Bill Brent, the officer said today.

Brent was taking Clark, whom he said was AWOL from Camp Crowder, and another soldier in to circuit court, where they had expressed desire to plead guilty to charges of automobile theft when Clark jerked loose and fled.

Officers said witnesses saw a man answering Clark's description jump into the river and start swimming, but they did not see him come out on the opposite bank.

The other soldier, Pvt. Rex E. Case of Utica, Ky., pleaded guilty to the automobile theft and was given a two year term in prison.

"Will Trade Distinguished Service Cross I won in World War I for priority on tractor."

The ex-machine gunner of the first world war said he had saved for five years to buy a tractor, but couldn't buy one now because priority regulations favored veterans of World War II. His decoration was for wiping out a German machine gun nest single-handed.

Tonight's Card At Armory Will Be Exciting

Everything goes in the main event tonight at the State Guard armory, when Ronnie Etchison of St. Joseph, Mo., and Jerry Meeker of Columbus, Ohio, clash in the main event. To be sure someone will be in the ring who isn't afraid to take care of himself—Jimmy Parer will be the third man.

Parker, who has been in Colo-

rado, returns to the middleweight to do more refereeing at the request of promoters in St. Joseph, Omaha, Neb., Kansas City, Kas., and Sedalia and also other towns where wrestling is being held. Parker notified Marshall Estep the local promoter he would be here tonight. However, Estep said if he doesn't arrive he personally will take over.

The semi-windup brings together Babe Zaharias, Pueblo, Colo., and Lord Albert Mills, London, who has made such a sensational showing through the middleweight last year and was "tops" on the west coast only recently.

Opening the Special event will be two newcomers who are well known in the grappling business, Ray Zellmer of St. Louis and Al Billings of Billings, Montana.

Bombshell for Major Leagues From Mexico

MEXICO CITY, April 2—(P)—Mexico League President Jorge Pasquel believes he has another bombshell in the making for the major leagues.

Quite pleased over his acquisition of Mickey Owen, Vern Stephens and three New York Giants' players in the past few days, the dapper baseball magnate declared yesterday that "two or three other" big leaguers soon will be playing in his circuit.

He declined to name them but said they should be here next week.

With his eight clubs already stocked with 17 former major leaguers, Pasquel indicated that he soon will bring an end to his raiding for the current season. Pasquel, who with his four brothers, dominates the loop which has no ties with organized baseball, said, however, that he already is angling for the 1947 season.

The Mexico League presently limits each of its eight teams to eight foreign players but with the recent additions and the few more expected shortly it was believed that the ceiling would be raised. Besides the Americans, the circuit has many diamond luminaries from Cuba, Salvador, Panama and other Latin American countries.

Pasquel didn't disclose the salaries he was going to pay Owen or the Giants' trio—first baseman Roy Zimmerman, second baseman George Hausmann and pitcher Sal Maglie—but the ball players have revealed some of the terms.

Branch Rickey, president of the Brooklyn Dodgers, said at Daytona Beach, Fla., that Owen wrote him he was going to get a cash

bonus of \$12,500 for signing his five-year contract. The former Giants said they are to get \$5,000 bonuses plus \$13,000 a year.

Pasquel said that the 30-year-old Owen who received his naval discharge at the Sampson, N. Y., separation center will act as player-manager for the Torreon team and that Hausmann would take over second base on the same nine. Zimmerman will be assigned to Nuevo Laredo.

Pasquel said Maglie's affiliation still was undecided. "A lot of clubs would like to have him," he said of the righthander who won five and lost four for the New Yorkers last year.

Ballyhoo has Started Rolling

By Ted Meier
NEW YORK, April 2—(P)—The ballyhoo wheels started revolving in earnest today for the most fabulous fight in boxing history—the return heavyweight title bout between champion Joe Louis and Billy Conn at the Yankee stadium on June 19.

Challenger Billy, the Pittsburgh dandy, looking in fine shape at 190 pounds, was scheduled to shove off to his permanent training headquarters at Greenwood Lakes, N. J., 24 hours after Promoter Mike Jacobs had fixed a top price of \$100 for ringside seats, the highest ever charged officially for a fight.

This is 300 per cent more than the \$25 top for the first Louis-Conn shindig at the Polo Grounds in 1941 and 100 per cent more than the \$50 top charged for Tex Rickard's famous fights involving Jack Dempsey in the "golden twenties" era.

Announcement of the \$100 tariff, at which Jacobs previously had hinted, plus a scale of \$50, \$30, \$20 and \$10 for less advantageous seats in the 100,000-capacity stadium, assured a record gross gate of \$3,000,000 or better for the long anticipated return go.

The present gate record is the \$2,658,660 paid by 104,943 spectators for the second Dempsey-Gene Tunney scrap in Chicago in September, 1927, when the still debated "long count" occurred. Rickard charged an official \$40 top for this one, but unofficially was reported to have sold the first three ringside rows at \$100 a seat.

Conn, knocked out in the 13th round in his first chance at the title, will merely strike a few poses for newspaper photographers when he arrives at Greenwood Lakes today. He plans to start serious training tomorrow.

"I'll win the title this time for sure," he said. He was leading on points in 1941 when he made the mistake of trading punches with the champion. "I'll stick to boxing this time."

Louis, meantime, is working out at West Baden, Ind., where he has been since March 1. He will switch later to Pompton Lakes, N. J.

"OIL-PLATED engines... they'd better have!"

The "haulaways" are abroad in the land! Your new car is on order—or in your mind. And now here is why any car of yours should have an OIL-PLATED engine . . .

OIL-PLATING will shield your engine's insides. It saves fine-finished surfaces from lots of wear. And that's how to raise resistance against carbon, gum, and sludge.

An OIL-PLATED engine is yours for the asking. Simply insist on filling with Conoco Nth motor oil. Conoco Nth brings its added OIL-PLATING substance. This acts magnet-like . . . joins lubricant durably to metal, so as to form protective OIL-PLATING! The process is the same in any engine. Though yours may not be new, this is an extra good time to OIL-PLATE it. For it needs a Spring oil change, and simply by getting Conoco Nth you'll get oil that OIL-PLATES—at a few cents' extra cost! See Your Conoco Mileage Merchant—today Continental Oil Company

ADVENTURES IN SPACE: The Story of Radar

No. 2: Miracles of Sound

BY DAVID DIETZ
Noted Science Writer, Author of "Atomic Energy in the Coming Era," Etc.
(Written for NEA Service)

(1) Your uncomprehending ancestor, the caveman, was employing the basic principle of radar when he shouted toward a cliff and heard his voice bound back from it. For the underlying idea of radar is as old as mankind, in fact older. That idea is the echo.

(2) Bats carry their own natural "radar equipment." That is why, in flight, they can perform their uncanny

feats of dodging unseen obstacles. Harvard scientists have found that bats issue shrill sounds beyond the range of the human ear. Supersonic sounds, they're called. The bat's ear is tuned to their echo. The sounds were recorded with electrical apparatus by the Harvard savants, who also discovered that the bats lost their dodging ability if their ears were bandaged.

(3) As far back as 1920 scientists employed sound devices to map the ocean bottom. A bell was rung at the bottom of a ship. The echo was caught by a listening device. All that was neces-

sary then was to note the lapse of time between the ringing of the bell and the return of the echo. Dividing this in half told how long it took the sound wave to reach the sea-bottom. Since sound travels in water at a rate of about 5000 feet per second, it is easy to calculate the distance. (The speed of sound differs with the medium and the temperature. The speed of sound in air is approximately only 1000 feet per second.)

(4) Radar follows the same principle as the depth-finder but employs radio waves instead of sound waves. This is

where the difficulty of radar begins. For unlike sound, a radio wave travels with the speed of light, namely 186,000 miles a second. Therefore radio waves cannot be timed accurately by ordinary means. To gauge the distance of an incoming airplane, the radar has to indicate time intervals of the order of a 50,000th of a second. This, as we shall see later, can be done with the aid of the electronic device known as an oscillograph tube.

TOMORROW The Radio World is Born.

Seeks Damages In Suit Filed

A \$20,000 damage suit was filed Monday against John Meyer, doing business as the Atlas Cab company, and Samuel E. Smith, 1321 South Kentucky avenue, by Joseph H. Harlan in the Pettis county circuit court, for injuries allegedly received in an automobile collision on December 20, 1945.

Harlan states he was riding in a taxicab operated by Meyer and driven by Arthur Hess which collided at the intersection of Carr avenue and Sixteenth street with an automobile driven by Smith. The cab was being driven south on Carr and the other machine west on Sixteenth street when the accident occurred at 7:25 a. m.

Careless and negligence on the part of the drivers is alleged by Harlan, who claims that he suffered numerous injuries as a result of the collision.

The plaintiff's attorneys are Fred F. Wesner and William F. Brown.

Talk Fiscal Affairs Of The City At Rally

**Fred F. Wesner
Chief Speaker In
Democrat Meet**

"What's become of the rest of the money," Fred F. Wesner, speaking at a Democratic city-wide rally held in the circuit court room of the court house, said Monday night, when he referred to the bragging of the Republican administration that they have a \$92,000 bank balance. "They should have saved up in the six figures, as they haven't done anything with the money collected through taxes," he continued.

Mr. Wesner reviewed the judgment funding bonds made necessary through a deficit from a previous Republican administration inherited by the Democrats back in the early '30's. He told of there being only \$29.65 in the treasury, and a "group" of debts including salaries of Republican employees, at which time 'scrip' had to be used to "pay off" until the bonds were voted.

Points To Saving

"Let me tell you this," he said, "It was through Mayor Bagby that a \$6,000 a year water bill saving was made possible, \$1,500 saving on fire hydrants, \$8,100 saving on street lights, through reductions in rates. This went into effect just before the present mayor took office. The parking meters bringing in \$12,000 a year, and made possible through the Bagby administration. Totalled together it is a saving of \$27,600, or for the four years \$110,400.

"Let's look at something else, through the Bagby administration gasoline meters were installed to assure the city of a correct and true account of gasoline tax which has netted \$10,000, a total of \$40,000, with the other savings of \$110,400 is close to \$150,000. Yes and tax payers are paying their real estate and personal taxes promptly, there are few delinquent, so what's become of the money.

Don't Plan Savings Account

"The Republican administration cannot point to one earthly thing constructive they have done these four years. \$92,000, \$29,000 which was left over from the Bagby administration, isn't much to point at. But the Democrats do not intend to start a savings account in a bank, but to do something the taxpayers can point at with pride and say 'our money went into something which will benefit Sedalia.' I say Sedalia needs a young, progressive administration. One which will get ACTION, and we can only have it by electing the Democratic ticket from the top to the bottom," Wesner said in closing.

Frank W. Hayes, also spoke and said "The Democratic slogan is 'Retire Wilks—Rehire Bagby'. We would not have a man who has become too old to be a benefit as an insurance manager to a big insurance company to run our own private business, so why hire him to run our city business." Mr. Hayes, compared the candidates on the Democratic ticket with those on the Republican ticket, after which he said "there is no comparison as to business ability with those on our ticket."

Other Addresses Given

Sam Harlan, chairman of the speakers committee, spoke. He reviewed the "nine points of Mayor Julian H. Bagby's promise to Sedalia taxpayers. Cooperation with the Council; Uniform Collection of Garbage; Street Improvements; Recreational Program; Local Health Unit; Appointments; New Industries; Education; and Management of City Affairs."

Among others who were introduced and gave short talks were: Aldermen Ira Knox and Gil Sublett; S. J. Timbrius, former Alderman; G. O. "Dutch" Hawley, L. C. Bryson, Roy Hill, Max Bailey, Atwill Bohling, Joe Moffatt, Roy Schick, Mrs. Mabel Chambers, and Mrs. T. J. Bunn.

William "Bill" Morgan led the audience in community singing accompanied by the "Happy Millers." The Happy Millers also played several selections during the meeting.

The meeting was attended by more than 250 persons and was presided over by City Chairman D. Kelly Scruton.

Good Start On Resort Season

VERSAILLES, April 1—Lake of the Ozarks resort owners have revealed that the season, which opened March 15, has got off to a good start, with most of the camps filled every week end. They have reservations far ahead into the summer. Fishing, particularly for crappie, has been good, although the lake is about six feet lower than usual. Most of the camp owners have remodeled and modernized cabins, built new docks, and added other facilities for entertainment of guests this year. Many of them are emphasizing swimming, boating and other water sports this year. A number of camps have changed hands since last season and others have been established new.

Inter-City Meeting Here By Rotary

**Clubs Of Marshall
Clinton And
Boonville Guests**

An inter-city dinner meeting of the Rotary clubs of Clinton, Marshall, Boonville and Sedalia was held at the First Methodist church Monday night. Representatives from the Warrensburg club also were among the 200 Rotarians, and wives, in attendance.

Guy Peabody acted as master of ceremonies. Greetings were extended by Nolan Bricken, president of the Sedalia Rotary club and responses were made by Ralph Bowman, Clinton; Archie Thomas, Marshall; Harry Miller, Boonville and William Knox, Warrensburg. The speaker of the evening was Marion Earl Collins, president of the Tarkio Presbyterian college, who was presented by Col. A. M. Hitch of Boonville. Mr. Collins' thoughts were centered around the fourth object of Rotary International which is understanding and good will among the people of the countries of the world.

Spoke On Food To Hungry

He spoke of the problem of feeding the hungry children of Europe as a temporary, but significant one, which will be met in a brief period of time. "A more permanent problem," Collins pointed out, "is that of developing good will and international understanding. It can be had if we attempt to know, understand and love the people of other lands."

The speaker spent four years teaching Egyptian boys in Egypt. He was impressed by their courteous and polite ways, and learned

to admire and love these students, he declared.

Collins continued the theme by saying that Rotary is in a position to bring about international understanding and good will. He stated that "Love and hate cannot exist at the same time, that we must learn to know better Russia and England."

Concluding his talk he stressed the point that "we should all be willing to try to understand other peoples and the fourth object of Rotary may be accomplished by so doing."

District Governor John A. Becker, of Independence, expressed appreciation to Mr. Peabody and the Sedalia club for making the inter-city meeting possible. There are 48 clubs in the district, including new clubs recently formed, he said. He announced that the district conference will be held in Kansas City May 18 and 19 and the international convention is scheduled for June 2-7 in Atlantic City.

Ralph Guenther served as song leader, and Mrs. W. L. Monegan as pianist.

A male quartette comprised of Guenther, Aubrey Case, Carl Yesen and Robert Wild sang several numbers.

Initiation ceremonies were humorously carried out installing Alvin Schultz, manager of Scott's Dollar store, as a new member, with E. A. Edwards and Lee Peabody in charge. A member of the Clinton Rotary club, Jack Delmain, gave a few magician tricks which were entertaining.

Arm Fractured In Motorcycle Accident

Kenneth Hall, 19, son of Mr. and Mrs. George E. Hall, rural route 1, Smithton, suffered a fracture of the left arm above the elbow Monday afternoon when the motorcycle he was riding went out of control and plunged into a ditch a mile north of Sedalia on the Georgetown road.

Hall is a patient in the Bothwell hospital where his arm was set by Dr. D. P. Dyer.

The accident happened about 3 o'clock just after he had ridden over a small bridge that is reported to have a "dip," the jolt causing the young man to lose control of the motorcycle.
